

# Goonhillend

## GARDEN

The level garden is laid mainly to lawn with a vegetable plot in the North East corner (rather overgrown!). There are mature trees on most boundaries giving some protection from the prevailing winds. There are far reaching views from the rear garden. There is a gated drive from Higher Goongumpas Lane (which does get a bit slippery at this time of year). The area of the whole plot is 11,602 sq ft (according to Google maps).
